

Feature Showcase

Every inline decoration: **strong**, *emphasis*, underline, ~~strikethrough~~, highlighted text, and ***bold italic***. A [link](#) with a footnote.

Standalone superscript^{note} and subscript_{index} both render as decorations.

Table with row and column spans

Region	Q1	Q2	Q3
EMEA	12	15	19
APAC	8	11	22
	20		25

The ^ in the last row extends the "APAC" cell down two rows; the < merges into the cell on its left.

Critic markup

The quick +brown +fox ~~-lazy-~~jumps over the dog.

Admonition

Note

This is an admonition block - rendered as a tinted container.

Plain text should render beautifully and stay readable at the source.

Design principle
